

Request Single-Sign-On to Access GeoTab

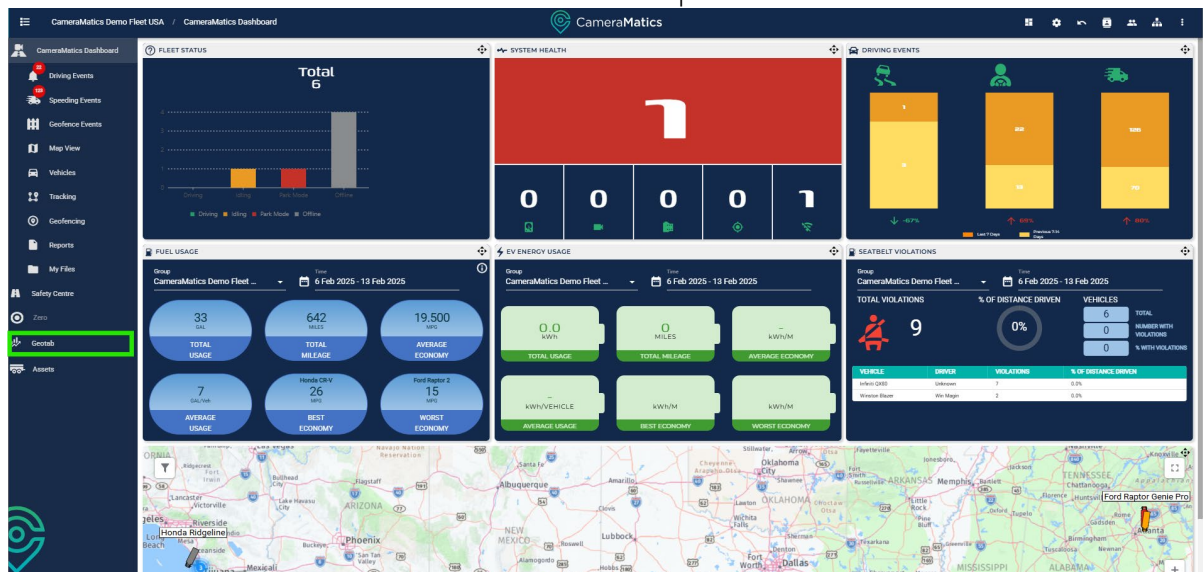

Now that you have completed all the necessary steps to organize your CameraMatics platform, you can begin configuring the GeoTab platform. First, you will need to contact your Customer Success Manager to begin linking your accounts together.

You can also contact our support team directly at support@cameramatics.com.

We recommend the additional details to ensure the link is easier for our teams to help you:

- Company you are from
- List of users who require access to GeoTab.

Once you have made the request, we will be in touch once it has been processed, and then you can access the platform through your CameraMatics account from the GeoTab option on the Left Hand Menu.
