

How to view driving events

Driver events are those relating to driver behaviour – such as fatigue, distraction, phone usage, harsh braking and steering. You are able to view these and determine any follow up required from the dashboard.

To access, click on driving events in the left hand menu.

On the event screen, you will see a list of relevant events in the left-hand side menu. From here, you can click on the event you want to look into further.

IRE HEAD OFFICE

Unit 20A Beckett Way,
Parkwest Business Park,
Dublin 12,
Ireland. D12 P8R2
Tel: +353 (0)1 963 1380

Select an event to see full information surrounding the event itself. This shows a short clip of the event from all relevant cameras, a map where the event took place, and charts showing telematics information.

At the top you will also see information about the event.

At the top right are options for follow-up actions:

- You can rate the event – This will allow you to send the rating to the driver if they use the driver app
- You can view the Trip – This will give you more information surrounding the trip this event was triggered on
