

Using My Files and Sharing Footage

After you have submitted footage to the cloud, you can access it through the My Files found in the left-hand side menu.

You will see a list of any footage that you have submitted to the cloud for storage.

The screenshot shows the 'My Files' page in the CameraMatics interface. It displays a table of submitted footage with columns for File Name, Vehicle Name, Driver, Start Time, Duration, Channels, Created At, Status, Sharing, and Actions.
